Each year the Village Spot Lights a person, business or organization in the Community, except the last couple of years this spot has been about COVID-19 and our Water Project.

This year our Spot Light is Shining on

#### **KEN SMITH**

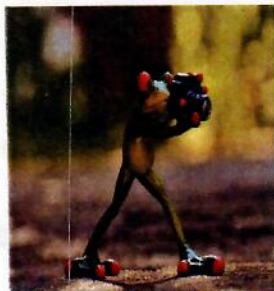

Ken was born and raised in our Village and now Ken and his wife live just outside the Village Limits. Ken is retired from Chautauqua County and has served on the Village Board before he moved out of the Village.

Ken has become our unofficial Village/Wildlife Photographer. He has posted photos on Facebook and on History of Sinclairville and Surrounding Area (a private group).

He has captured Bald Eagles in flight, humming birds, turkeys, deer, and most recently bluebirds. If you haven't seen them they are beautiful. His fall foliage pictures are breathtaking

Each month the Village tries to decorate the Gazebo in a different theme which Ken takes pictures and posts them. Our local residents and the ones that have moved away are most appreciative of these posts.

Ken, the Village Thanks you for the interest you have taken in recording some of the wonderful things about our Village.

#### NEW STREET LIGHTS

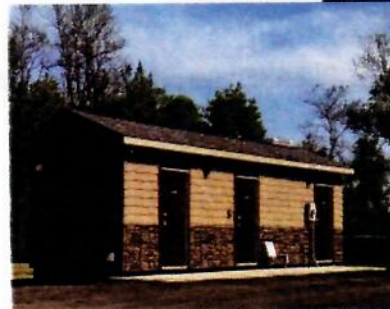

Through National Grids Energy Conservation Program the Village was able to convert all of its out dated high pressure sodium street lights to new energy efficient LED lights at no cost to the Village. These new lights save energy and they cost less to operate.

Currently the Village is working with National Grid through the same Energy Conservation Program to have a no cost energy audit conducted at all of our Municipal facilities to further reduce our energy usage.

#### WATER PROJECT COMING TO AN END

**YES,** after what has seemed like forever, our Water Project is finally coming to completion.

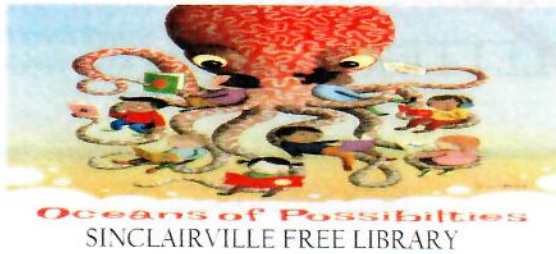

The new Water tank is up and running, new well houses and controls are in and working, landscaping is almost complete and the fencing will be installed within the next couple of months.
